

## Free first consultation until June 30!

At **Dexeus Fertility**, we see motherhood as a unique journey. That's why we adapt to your needs, offering you the best personalized treatments and the support of our team of professionals.

Whatever your path, we want to walk it with you, providing the highest quality care every step of the way.

### Book your appointment and enjoy a free first consultation until June 30

The process begins with **a free initial consultation, either in person or via video conference**, to establish a diagnosis and determine the treatment that best suits you. This first consultation is a key step in your journey with us, during which we offer:

- **Exclusivity.** Access to world-class specialists with the highest level of expertise and excellence.
- **Science in our DNA,** leading to excellent success rates.
- **Emotional and administrative support.** A multidisciplinary team will guide you throughout your treatment, supporting both you and your family. We communicate in your language, person to person.
- **Safety and security in a unique hospital environment** that provides comprehensive women's healthcare, including gynaecology and obstetrics, available 24 hours a day.

Born to  
change life

## Fertility study

If you have not yet had any fertility tests, we offer a **comprehensive fertility testing** to help establish a diagnosis and determine the most suitable treatment for you.

The cost is € 145

### It includes:

- Gynaecological ultrasound (ovarian profile).
- Blood test anti-Müllerian hormone (AMH).
- Semen analysis.
- Andrology consultation (if required).
- Consultation to discuss results.
