

Free initial consultation when you start your treatment with us!

Whatever your circumstances, motherhood is one of life's most incredible experiences. At **Dexeus Fertility**, we want to help you make it happen and support you every step of the way.

We take care of the entire process. Our team of experts is at your service, offering the best treatments so that you don't have to wait any longer to fulfil your dream of becoming a mother.

The process begins **with an initial consultation, either in person or via video conference**, to establish a diagnosis and determine the treatment that best suits you. This first consultation is a key step in your journey with us, during which we offer:

1

Exclusivity. Access to world-class specialists with the highest level of expertise and excellence.

2

Science in our DNA leading to excellent success rates.

3

Emotional and administrative support. A multidisciplinary team will guide you throughout your treatment, supporting both you and your family. We communicate in your language, person to person.

4

Safety and security in a unique hospital environment that provides comprehensive women's healthcare, including gynaecology and obstetrics, available 24 hours a day.

Initial consultation

The process starts with an **initial consultation** with one of our gynaecologists. The **cost is €100***, which will be deducted from the total cost of any fertility treatment you undergo at our centre within the next six months.

This consultation is recommended for patients who have already undergone fertility tests.

Initial consultation with fertility testing

If you have not yet had any fertility tests, we offer an initial consultation with **comprehensive fertility testing** to help establish a diagnosis and determine the most suitable treatment for you.

The cost is €145*, which will be deducted from the total cost of any fertility treatment you undergo at our centre within six months.

Services included:

- Initial medical consultation
- Gynaecological ultrasound (ovarian profile)
- Anti-Müllerian Hormone (AMH) analysis
- Semen analysis
- Andrology consultation (if required)
- Consultation to discuss results

30%
DTO.

*If you are already a Dexeus Mujer patient, you will receive a 30% discount on your first consultation.
